

# API | EXECUTIVE INSIGHTS

## Early Career Stream

Connecting 3 generations of professionals and exploring the power sector's strategic challenges and opportunities, and the methods, mindsets and skills needed for taking action

The API is offering access to our new Executive Insights program to early career professionals (graduates, PhD candidates and Early Career Academics)

## 2023 Registration Form for organisations

[Individual tickets can be purchased here.](#)

Your participants in the 2023 Executive Insights – Early Career Stream (online only):

1. We welcome participation by any individuals who wish to be part of the program but note the **focus on early career participants** (with additional activities in the program to support their career stage in addition to the Executive Insights online sessions).
2. The API is offering **complimentary registrations** to [our member organisations](#), linked to membership level: Governor members: 10x registrations each; Principal members: 6x each; Industry level members: 2x registrations available per member organisation
3. The API is also offering **\$1500 scholarships for PhD candidates and Early Career Academics**
4. **How to register:**
  - a. purchase individual tickets online OR send a list of participants to the API team.
  - b. If sending a list, a single invoice will be used per organisation for tickets requiring payment – [individual purchases should be made directly online](#). Please advise Purchase Order details as required for the invoice.
  - c. Please add rows to the table as needed for each individual participant.
  - d. Please email the form to [david.pointing@api.edu.au](mailto:david.pointing@api.edu.au) + [kendall.klingaman@api.edu.au](mailto:kendall.klingaman@api.edu.au)

**5. Registrations must be received by 21 March 2023**

Registration costs for Executive Insights Early Career Stream for 2023:	
API member complimentary registrations for 2023	Free registrations available per member organisation: Governor: 10x; Principal: 6x; Industry: 2x
API member organisations – general registration	\$990 inc GST (40% saving, save \$660)
API PhD and Early Career Academic Scholarships	\$100 (20x \$1550 API scholarships available)
Other organisations, PhDs and Early Career Academics	\$1650 inc GST
Participants in the new <a href="#">Engineers Australia / API Graduate Learning Program – Power + Renewable Energy</a>	2x years of access to the Exec Insights program are included in the program registration (contact the API if you are interested in this other API program, which will feature the Exec Insights Early Career Stream as one of 4x modules in a 2-year long program for graduates, 3x other modules delivered by Engineers Australia)
